About the Speakers
Casey Hein, BSDH, MBA

With over 30 years of experience as a Dental Hygienist in private practice, education, public health, and consulting, Casey Hein is best recognized for her work in clinical integration of well-supported evidence of oral-systemic relationships in dentistry, medicine, and allied healthcare. This is the mainstay of over 100 published articles and international lectures, highly attended by non-dental healthcare practitioners, as well as oral healthcare practitioners.

Dr. Michael Perry, DMD, MS

Dr. Michael M. Perry graduated from Baylor College of Dentistry Graduate School of Periodontics. He was awarded the distinguished John F. Prichard Award for research in Bone Grafting and Implant Dentistry. Dr. Perry's professional interests include dental implants and cosmetic gum surgery. He enjoys hearing the satisfaction and joy that implant dentistry brings to patients, restoring health to patients dealing with the long term side effects such as heart disease and diabetes of periodontal disease.
